Wisconsin Ambulance Run Data System Compliance Training

The Wisconsin EMS Section is happy to announce multiple opportunities to participate in WARDS Compliance Training. The purpose of the course is to educate new and experienced service personnel in managing their data and providing that data to the WARDS database. Some of the topics that will be covered include:

- Migrating to NEMSIS v3 – What to expect
- Making sure your hospital is able to access your report
- Making sure the hospital your patient is transferred to is able to access your report
- HIPAA concerns and how to protect your service
- How to create and use reports to improve your QA/QI policy
- What's being considered for future system improvements

The course will run from 8:30 AM to 3:30 PM with a break for lunch. Registration will start at 8:00 AM. Successful completion of this course will provide six hours of continuing education. These courses are going to be held in conjunction with the previously announced Service Director's Training Courses being held either the day before or after this training. The only exception is Waukesha, which does not have a Service Director's Course.

The course dates and locations are as follows:

March 12, 2014	Rice Lake, Wisconsin
April 8, 2014	Rhineland, Wisconsin
May 14, 2014	Fennimore, Wisconsin
June 12, 2014	Waukesha, Wisconsin

Registration and specific location information will be sent as soon as the details are finalized. In addition, updates to this information will be posted on the Wisconsin EMS home page located at: <http://www.dhs.wisconsin.gov/ems/index.htm>
